• Office 365 (O365) & Active Directory	• Python & PHP Scripting, Linux Administration
• Cloud Support & System Administration	• Network Configuration (Netplan)
• Microsoft Intune & Azure Functions	• Microsoft Graph API Integration
• GPO (Group Policy) & MDM Policies	• Azure Services & SharePoint Management
• EDR & MFA (Multi-Factor Authentication)	• Ticketing: Manage-Engine, Maximo, ServiceNow

Work History

Elcon Banshu Wiring System Pvt. Ltd. – IT - Sr. Executive

09/2025 - Current

- Lead and manage IT support teams distributed across multiple remote sites, coordinating daily operations and guiding site-specific IT colleagues to ensure seamless service delivery.
- Manage and maintain organizational IT infrastructure, including the deployment, troubleshooting, and optimization of fiber optic networks and high-speed wiring systems.
- Administer Linux servers and configure complex network parameters, including Ubuntu network bonding and netplan system configurations to ensure network redundancy and uptime.
- Develop custom backend solutions and automation scripts using Python and PHP, successfully building database logic for inventory transaction systems and internal project trackers.
- Automate the delivery of server backup logs and system reports by integrating the Microsoft Graph Email API and MSAL library.
- Oversee network device configurations, troubleshoot connectivity issues across manufacturing setups, and maintain secure remote access protocols for offsite troubleshooting.
- Implemented, and maintained an in-house IT Asset Management tool and project tracker to monitor hardware lifecycle and inventory movements across sites.
- Developed and deployed enterprise backup workflows using custom PowerShell and Bash scripts crafted with AI tools (ChatGPT and Gemini); automated database backups (PostgreSQL/MySQL/ERP) directly to NAS storage using Robocopy and Office 365 SMTP status logs.
- Spearheaded complete AD implementation, configuring centralized Group Policy Objects (GPOs), ADMX templates, Local Administrator Password Solution (LAPS), auto screen lock, and OneDrive Known Folder Move.
